

Number: SCAL-002-01

Date: d-m-yy

Certificate Of Calibration

Model No.: TSL-570

Serial Number: *****

Date Performed: d-m-yy

Santec corporation herewith certifies calibration of the above instrument in accordance with our standard procedure such that the test and inspection results conform to the stated specifications.

Equipment used for the calibration conforms to standards set by the National Institute of Advanced Industrial Science and Technology (AIST,Japan), Japan Quality Assurance Organization (JQA, Japan) and the Japan Electrical Meter Inspection Corporation (JEMIC, Japan) and in traceable to the International Weights and Measurement Committee of which National Institute of Standards and Technology (NIST U.S.A) and National Physics Laboratory (NPL, UK) are members.
